

INDUSTRIAL ARTS

WEEK SEVEN: FALL PROTECTION COURSE

LESSON

Fall protection is a critical part of safety training, no matter what type of job you have. This weeks lesson is based on 6 short videos to help you understand how to protect yourselves no matter the situation.

Each video is in order so please start at number one and then continue on in order.

2. <https://youtu.be/iMS45Z5DFJg>
3. <https://youtu.be/yCcBlhkGhTE>
4. https://youtu.be/_dhIEovMkcw
5. <https://youtu.be/IDN0SASrRIM>
6. https://youtu.be/3Z9bER_1Ms8

TASK

This week, let's add another valuable course to your tool box of knowledge and to your resume!

If you are already signed up to the Safety in school site, continue on to the Fall Protection course.

If you are new to the site, email me and I will give you the information you need, your login and your password.

Head there now:

CREATE

In the spirit of summer and using the resources around us, I decided to focus on something beautiful to add to your decor, garden or yard! Get outside, enjoy nature and enjoy this project!

Supplies needed:

Branches of different sizes

Glue or nails,
Miter saw or hand saw
Plywood

Watch the how to video here:
